

## School Art Supply Drive

Hello, fellow lettering artists! Members of PSC are being asked to remember our local high school art teachers who could use our surplus art supplies in teaching calligraphy to young people. We are asking people to contribute items on the list below when you thin out your own supplies, downsize, or reorganize. Teacher budgets are slim and class loads are quite large, so anything you might be purging could be a great gift for them! And it shows we all support art education!

I will be collecting items at the next two PSC meetings (**November 13 and December 11**) and will organize them and deliver them to the schools. If you have large items or more than is doable to bring to a meeting, just give me a call and I'll work out a pickup time. Together we should be able to make a difference!

Thank you,

Judy Large
